

## 85 YEARS OF WORKING WITH ECONOMISTS IN NSW.

The NSW Branch of the Economic Society of Australia was formed in 1925, making it one of the most established professional associations in Australia. The rich history of activities continues, and with a strong membership, it is the largest of the state branches in Australia.

## ENGAGING EVENTS

MONTHLY LUNCHTIME SEMINARS HELD AT THE RESERVE BANK OF AUSTRALIA ENCOURAGE LIVELY DISCUSSIONS ON TOPICAL ISSUES.

The Australian Economic Forum has been an outstanding success in analysing important strategic issues. The Australian Conference of Economists, hosted by the NSW Branch in 2010, is the premier economics conference in Australia.

## MEMBERSHIP

An interest in economics is all that is required to become a member.

You can join anytime with our flexible rolling membership and fees compare favourably with other professional organisations. There is also a choice of subscriptions for the Society's journals, the Economic Record and Economic Papers.

Complete this registration form or join and pay online at our web page:

[www.ecosoc.org.au/nsw/home](http://www.ecosoc.org.au/nsw/home)

### MEMBERS ACTIVELY:

- Encourage informed debate on important economic issues
- Support the teaching and study of economics
- Promote the training and professional development of economists.

### OTHER BENEFITS OF MEMBERSHIP INCLUDE:

- Professional networking opportunities with corporate, public sector and academic colleagues
- Monthly lunchtime seminars on topical economic and public policy issues
- An informative monthly newsletter
- Access to a national data base of members' areas of expertise
- Information on job opportunities
- Discounts to all our events
- Tax deductibility of your membership fee (where appropriate)
- Discounted student membership.

# EXCEPTIONAL TEACHING

The teaching and study of economics is supported with annual prizes for economics students. Honours Prizes recognise NSW university students' research potential and ten HSC Economics Scholarships are awarded each year to encourage the top students in NSW to continue studying economics.

We also promote training and professional development of practicing and academic economists through specialist workshops (panel data estimation, DSGE modeling and behavioural economics). The Emerging Economists initiative mentors younger economists and encourages them to network with experts and other up-and-coming economists.
